

Whiteadder Associates Ltd

The Business

Whiteadder Associates Ltd specialise in the delivery and provision of professional training in Intelligence & Analysis and Forensic Psychology services to law enforcement agencies and businesses around the world.

The Universities of Teesside and York also procure the services of Whiteadder Associates for the provision of bespoke forensic psychology inputs for both the Masters in Forensic Science Course and the Applied Forensic Psychology Courses.

The Background

Whiteadder Associates Ltd was established in 2003 by Paul Hodgson as its Managing Director.

As a retired detective Paul has worked for a number of police services throughout the world and as a result has considerable experience in the investigation of serious crime and the provision of profiling services to law enforcement agencies.

Extremely enthusiastic about his work, Paul decided to continue on the same path after retirement by using his experience and know-how to set up Whiteadder Associates and offer his services to a wider demographic.

The Service

Whiteadder Associates Ltd has an extensive portfolio of training products to meet the individual needs of both its domestic and international customers.

In addition to this they offer operational experience and training in the fields of Behavioural and Geographic Crime Science and Crime Intelligence and Analysis.

They also supply in-the-field investigative support to "real time" and "cold case" investigations.

The combined experience of the Director and associates provides the customer with a dynamic team who can ensure success in law enforcement, the business sector and institutes of higher education.

They also deliver bespoke training for customers overseas.

Why Berwick WorkSpace?

Paul said, "Having been home based for a number of years I felt the need to actually go out to work.

The WorkSpace provides an environment where you can focus on your business. The superb facilities and great support from the WorkSpace team display a very professional image.

Two recent visitors for a meeting with me were highly impressed by the facilities on offer."

"The WorkSpace provides an environment where you can focus on your business. The superb facilities and great support from the WorkSpace team display a very professional image. "
